Therapy available.

Provide designated space for Upholstery
Upholstery is currently sharing limited space with Massage Therapy. The two are not compatible in the small space available.

Provide designated space for Veterinary Technicians
Veterinary Technician is currently being taught at HBC. This requires having animals in a building not designed for animals.

Provide designated space for Floral Design
Floral Design is currently in space that doesn't have running water. Instructors have to carry water from outside into the building and dump it when class is finished. The room is not adequate for the size of the classroom needed and does not hold the n

Provide space for Business Assessment Center
Specialized Testing space, storage for test materials to provide secure testing space.

Initiative Title: Streamline Student Enrollment Processes [1155]
Description: Increase student enrollment and reduce delays entering the college by streamlining student enrollment services. Implement new/enhanced technologies to assist students/ staff with moving prospective students from applicant to enrolled with fewer delays.

Cluster: Student Services
Cluster Leader(s): Kathleen Christensen
Reference: 5. Student Services (STSVC)
Goals & Recommendations
3. The College must decrease the processing time for applications, transcript evaluations, and financial aid applications to ensure that students experience no delays in entering the college. Expansion of the college’s Help Desk, and additional staff, are critical.

Performance Indicator: Average Processing Time
Current Value: %
Target Value: %
Comment: A number of the proposed measures/indicators are not currently collected. The success indicators are important measures that will be collected in FY07 as benchmarking tools for future performance measures and goals.

Initiative Title: Increase Success of Developmental Education Students [1160]

Description: Implement "Best Practices" in developmental education to support ACC's students reaching college readiness in the most efficient and effective manner possible.

Cluster: Credit Instruction

Cluster Leader(s): Donetta Goodall, Mike Midgley

Reference: 4. Instructional Programs (INSTPRG)

Goals & Recommendations

Performance Indicator: Course completion rate for DE students

Current Value: 70 %

Target Value: 80 %

Additional performance indicators: 2. Retention rates for DE students 3. Migration rates for DE students increasing the percentage of best practices integrated into the developmental education plan and course curricula will 1) increase time on task for students; 2) shorten the period of time to completion of TSI requirements; 3) increase the success and retention rate of developmental students by 10% over current percentage; 4) increase the number of options available to students taking developmental courses. This initiative will decrease overall time in DE by 10%.

**Initiative Title:** Expand Distance Learning Opportunities for Students [1161]

**Description:** ACC will use its distance learning capabilities to expand learning opportunities for our students while maintaining the overall quality of the educational experience.

**Cluster:** Credit Instruction

**Cluster Leader(s):** Donetta Goodall, Mike Midgley

**Reference:** 4. Instructional Programs (INSTPRG)

**Goals & Recommendations:**

6. The College should expand its distance learning technology training among interested adjunct faculty. The College should expand the number of certificate and degree programs which can be completed in Distance Learning formats.

**Performance Indicator:** # of DL Sections

**Current Value:** 0 %

**Target Value:** 10 %

Additional performance indicators: 2. Average course grade for DL sections 3. Average course grade for classroom sections Distance Learning will increase as a percentage of courses taught while student achievement (grades earned) will be equal to comparable in-class sections.

**Comment:**

Initiative Title: Increase Educational Opportunities for International Experience [1163]
Description: ACC recognizes that international activities have the potential to broaden and enrich our students’ learning experiences and supports the enhancement of these activities, where appropriate
Cluster: Credit Instruction
Cluster Leader(s): Donetta Goodall, Mike Midgley
Reference: 4. Instructional Programs (INSTPRG)
Goals & Recommendations
5. The College’s Department Chairs and faculty should continue to expand the curriculum to include a global perspective, and offer related professional development opportunities for faculty and staff.
Performance Indicator: % of courses w/international perspective
Current Value: 0 %
Target Value: 50 %
Comment: Additional performance indicators: 2. # of students in study abroad 3. # of faculty exchanges 4. # of student exchanges Measures will be internationalization of current curriculum, expansion of student and faculty study abroad/exchanges, and receipt of foreign exchange students. Each of these categories will increase by 50% from FY06 base during FY07. Internationalization of curriculum will be measured by surveying faculty, with an expected response rate of 50 faculty members indicating that they have introduced international materials into their curricula during FY07, and by the presence of student learning outcomes reflective of inclusion of an international focus in course content.

### Initiative Title: Increase Capacity of High Demand Programs [1165]

**Description:**
ACC will implement a systematic, objective and rational mechanism to review and prioritize programs and curricula that should be enhanced and/or expanded.

**Cluster:**
Credit Instruction

**Cluster Leader(s):**
Donetta Goodall, Mike Midgley

**Reference:**
4. Instructional Programs (INSTPRG)

**Goals & Recommendations**
1. The College must continue to balance its instructional programs by offering an appropriate mix of academic transfer, workforce education, developmental education, adult education, and continuing education to meet the critical needs of the local region.

**Performance Indicator:**
Increased enrollments in high demand programs

**Current Value:**
0%

**Target Value:**
10%

**Comment:**
Expansions in prioritized programs will result in increased enrollments of at least 10% and will be reflective of community needs.

### Initiative Title: Reduce Percentage of Students w/ Undeclared Majors [1168]

**Description:**
Increase the rate of students who identify and achieve institutionally-defined and student-defined goals regarding graduation, transfer, and career.

**Cluster:** Student Services

**Cluster Leader(s):** Kathleen Christensen

**Reference:** 5. Student Services (STSE)

**Goals & Recommendations**
6. Research demonstrates that the earlier a student chooses a career or major the more likely that student is to remain in college and graduate. The College should increase the career counseling services available to students and decrease the number of undecided students. ACC should integrate new technology applications to assist in alerting students to degree and certificate completion opportunities.

**Performance Indicator:** percentage of ACC students with undeclared majors.

**Current Value:** 27 %

**Target Value:** 13 %

As of 203F, 27% of ACC students had undeclared majors. A 2% annual reduction trend in overall undeclared majors resulted from implementing a limited pilot program (27% in 203f [7681 undeclared of 28,863 students] to 23% in 205f [7581 undeclared of 33,403 students]). It is expected that college-wide implementation of this initiative in AY 07 will reduce the percentage of undeclared majors from 23% (205f) another 10% by the end of the first year (208f).

**Initiative Title:** Implement a Capital Campaign [1174]

**Description:** The ACC Foundation will implement a capital campaign focusing on a broad endowed scholarship program and facilities expansion/renovation for high demand areas. The campaign will assist ACC in meeting the challenges faced from Closing the Gaps.

**Cluster:** External Affairs

**Cluster Leader(s):** Dwayne Cox

**Reference:** 9. Fiscal (FISCAL)

**Goals & Recommendations:**

4. The ACC Foundation should expand its fund-raising efforts to secure additional student scholarships as well as instructional equipment and facilities to support high priority program enhancement needs.

**Performance Indicator:** Capital Campaign Milestones

**Current Value:** %

**Target Value:**%

Currently, The Dell Foundation is assessing internal systems and infrastructure for a capital campaign; preparing campaign financial objectives and rationale; identifying campaign steering committee; and compiling a list of donor prospects. In this phase, no definitive current value exists. Potential values to be measured in the years ahead -- as the campaign progresses -- could include: -- Donor prospects identified -- Lead gift solicitations in progress -- Data management in place -- Campaign materials developed -- Messaging completed.
4. Secure a data management system that has both donor and financial capabilities to be used for gift documentation and correspondence in addition to prospect and donor tracking.

ACC Foundation (FOUN) | HBC | No Facilities Impact

5. Hire clerical support to manage documentation for the campaign including maintaining data system, providing support of meeting documentation and action items, record keeping of gifts, prospects, solicitations, and requests.

ACC Foundation (FOUN) | HBC | New Space Needed

Initiative Title: Increase the number of externally funded grant awards [1175]

Description: The grants department should increase the number of external federal, state and private grant awards in order to meet Closing the Gaps challenges, to help increase and support academic and workforce programs and to help expand services to students.

Cluster: External Affairs
Cluster Leader(s): Dwayne Cox
Reference: 9. Fiscal (FISCAL)

Goals & Recommendations
3. The College should continue to aggressively seek external grant funding opportunities. This approach should be aligned with a collaborative prioritization of programs and services to be supported by grants pursuance.

Performance Indicator: Number of grants awarded
Current Value: #
Target Value: #

Comment: A baseline of grant submissions and awards needs to be developed. Once this is developed as a current value, an appropriate and reasonable target value would be an annual increase of 15 percent in the number grant awards secured.

Initiative Title: Expand ACC Centers to Support Annexation [1176]

Description: Expand ACC Centers to meet growth as a result of annexation.

Cluster: Campus Operations/Support Services

Cluster Leader(s): Tyra Duncan-Hall

Reference: 7. Partnerships and Community Relations (PCR)

Goals & Recommendations

6. As a regional community college serving all or parts of eight counties, ACC should continue to develop positive relationships with its out-of-district communities which encourage future annexation efforts.

Performance Indicator: Increase number ACC-driven community meetings & events at ACC Centers.

Current Value: %

Target Value: %

1) Increase by 40% the number of ACC-driven community events led by staff assigned to the San Marcos Centers. 2) Reduce by 30% the amount of monthly mileage paid for faculty to travel from Austin to remote centers and sites. 3) Increase by 60% the number of ACC-driven community events led by staff assigned to Bastrop Center. The number of sections offered at Bastrop Center will increase by 15%. 4) Increase by 50% the number of ACC-driven community events led by staff assigned to Georgetown Center.

Initiative Title: Improve relationships with former students [1178]

Description: The Governmental and Community Relations department will launch and support a program of Alumni Relations for the college in order to expand
ACC’s community of influence, with a greater number of constituents involved to support the mission of the college

Cluster: External Affairs
Cluster Leader(s): Dwayne Cox
Reference: 6. Institutional and Instructional Support Services (IISS)

Goals & Recommendations
11. The college should continue to focus its communications and marketing strategies on its unique role in higher education, benefit to the community, and plans to meet student and community needs, with emphasis on the “Closing the Gaps” initiative and commitment to student success. (Uniqueness)

Performance Indicator: Former students who are members of an ACC alumni organization
Current Value: #
Target Value: #

A baseline measurement of former students joining an ACC alumni organization will need to be established as the current value metric. Once that metric is established as the current value, a specific percentage increase in the number of former students who are members of an alumni organization should be established as the target value.

Initiative Title: Provide Improved Testing Center Services [1194]
Description: Improve services of targeted testing centers for students and faculty.
Cluster: Campus Operations/Support Services
Cluster Leader(s): Tyra Duncan-Hall
Reference: 6. Institutional and Instructional Support Services (IISS)
Goals & Recommendations
14. In planning for the future, the College should expand the size of Testing Centers and increase the technological and staff support necessary to operate them effectively.
Performance Indicator: Increase in Testing Center Usage.
Current Value: %
Target Value: %

Comment:
1) Eastview Campus has doubled in size and student enrollments since the campus opened in Spring 1999. However, there is only one full-time position in the Testing Center, the Testing Center Supervisor. As ACC campuses expand Testing Center hours to better serve the growing volume of distance learning students and on-campus students using the centers, this testing center needs an additional full-time staff to assist with evening hours and weekend hours. 2) The Cypress Creek Testing Center will double in size as part of the expansion of this campus in Spring/Fall 2007. This Center currently has only one full-time position, the Testing Center Supervisor. The expansion of space and expansion of hours of service require an additional full-time position.

Initiative Title: Increase effectiveness of internal controls and accountability. [1195]
Description: A code of ethics and conduct will provide a standard model to guide
employees' work behavior to meet administration expectation.

Cluster: Institutional Effectiveness
Cluster Leader(s): Soon Merz
Reference: 1. President/Board (PBG)
Goals & Recommendations
13. Model expected behavior
Performance Indicator: # of complaints
Current Value: #
Target Value: #
Comment: Data will be gathered this year to calculate baseline. Target value will be identified based on baseline numbers.

Initiative Title: Increase Online Payment Options for Students [1196]
Description: None
Cluster: Business Services
Cluster Leader(s): Ben Ferrell
Reference: 1. President/Board (PBG)
Goals & Recommendations
25. Enhance departmental efficiencies
Performance Indicator: Number of online payment options for students
Current Value: 1 #
Target Value: 3 #
Comment: Number of online student payment options available

Initiative Title: Increase HUB Vendor Bidding Participation [1197]

Description: Increase Historically Underutilized Business (minority and women-owned) vendor participation in the College's bidding process

Cluster: Business Services

Cluster Leader(s): Ben Ferrell

Reference: 1. President/Board (PBG)

Goals & Recommendations: 25. Enhance departmental efficiencies

Performance Indicator: Percentage of HUB vendors submitting valid bids

Current Value: %

Target Value: 100 %

Comment: Average number of HUB vendors per bid [Baseline to be calculated]
Initiative Title: Integrate environmental scanning and assessment processes into Master Plan [1198]

Description: Develop processes for integrating environmental scanning and assessment of the previous year's planning initiatives into the annual Master Plan process.

Cluster: Institutional Effectiveness

Cluster Leader(s): Soon Merz

Reference: 6. Institutional and Instructional Support Services (IISS)

Goals & Recommendations

4. The College should continue to develop and implement quality initiatives to assess its effectiveness and to improve individual units and the College as well as coordinate and provide data for operational and strategic planning activities.

Performance Indicator: percent of prior-year initiatives assessed

Current Value: 0 %

Target Value: 75 %
